

EDUSOURCE DISPATCH NO. 3

December 20, 2002

Events and Workshops

The eduSource Stakeholders Forum is taking shape. We have a tentative date and location set for February 5th, 2003 in Ottawa. This will be an opportunity to hold an interactive information session to interested parties. We will keep you up to date as further details become available.

Development Group Meeting Update

The development group had the opportunity to attend a three-day workshop meeting in Bromont, Quebec last week. The event was an intense planning session that will give shape and momentum to the project. It is the consensus that the group has some hard work ahead of them in the months to come, and we appreciate their spirit of collaboration and patience. We will be forwarding a summary of the activities to project members early in the new year. Thanks to Stephen Downes, Gilbert Paquette and Griff Richards for organizing the event and to all of the participating partners.

Contacts and Claims

Janelle Northcott and our accounting team is hard at work finalizing and mailing revised partner contracts. There is an extension to the claim to January 8th, 2003. Partners that have signed contracts to Netera prior to the claim deadline can submit a claim for the first reporting period. If you do not have your contract in, you can submit your claim by the next quarter deadline, March 21st, 2003.

For more information visit the website.

Seasons Greetings

We all at Netera would like to take this opportunity to wish you and your families a very happy and safe holiday season. All the best in 2003!
